

Public Forum Question – Response

Subject: Street Cleaning – Dee Why and Brookvale

Question From: Mr Vincent De Luca

Meeting Date: 26 August 2003

Question:

I have received complaints from residents/shop keepers in the Dee Why and Brookvale business centres about the lack of street cleaning. Does Council undertake street cleaning in the shopping centre areas of Dee Why and Brookvale, if so what is the regularity of such cleaning and could this essential service please be increased?

Response:

Council has a cleansing program for all public shopping centres. In the case of the two noted, the level of service is:

Dee Why – Footpaths are mechanically swept once every second day and litter picked once on the other day. 7 days per week 52 weeks per annum.

Brookvale – Footpaths are litter picked once per day, 5 days per week (excl Tues & Thurs). It should be noted that within our available budgets we meet these schedules but this does not mean the schedule and their outcomes meet user needs.
