

Public Forum Question and Response

Subject: Land next to North Curl Curl Women's Bowling Club

Question From: Vincent De Luca

Meeting Date: 9 December 2003

Question:

Is the land next to North Curl Curl Women's Bowling Club, previously used as a playground, Crown Land? Could Council please advise the community why the playground equipment was taken away and assure the community that this was not done so as to facilitate the sale of this land?

Response: The Administrator advised it is Crown Land. Council has care, control and management of the land but does not have the authority to sell it. The Acting Director Services advised the playground equipment was removed due to safety issues with a new playground to be built in John Fisher Park following consultation of key stakeholders.
