

Subject: Removal of Noxious Weeds in Surf Road, North Curl Curl Reserve.

Question:

I thank on behalf of a few of the residents in Surf Road, the Council's actions in clearing the lantana and noxious weeds in the reserve between Surf Road and Huston Parade. Could Council please advise when it will do the same to the reserve on the left hand side when travelling down Huston parade?

Response:

The Acting Director Customer and Community Services advised that Council is not proposing to clear the right side in the same manner as the left. The reasoning behind the left hand side clearing was to try and attain a view corridor, and weeds and ground cover were removed. The right hand side does not have this same issue, therefore, not so much ground cover will be removed. Mr De Luca advised that the parcel of land that was being referred to was not the correct area that he meant. As a result, The Acting Director Customer and Community Services advised that Council would take it on notice and inspect the site that Mr De Luca was referring to.
