

## Questions on Notice

Cr Vincent De Luca OAM

### **Beacon Hill Road Traffic problems**

- a. Why can't signs be painted on Beacon Hill Road to stop traffic queuing across roads that intersect with Beacon Hill Road?
- b. Is it correct that a traffic survey is proposed for Beacon Hill Road and the surrounding area, if so when will this be undertaken and when will the results be reported to Council?
- c. How many accidents have occurred on Beacon Hill Road in the last two years?
- d. Is it correct that Council's Management used a survey from 2000, which the RTA agreed the data was outdated to justify to a resident that there are not problems with Beacon Hill Road traffic volumes or traffic flow? If so, why was this outdated data used?

### **Brookvale Early Learning Centre – Safety barrier**

- a. Is it correct that a truck crashed through the Brookvale Public School fence in early January - the second time in three months that such an accident has occurred?
- b. Why has Council's Management advised parents of the Brookvale Early Learning Centre that a safety barrier cannot be erected?
- c. What would be the cost to either Council and/or the Department of Education to erect a safety barrier in the troubled area?
- d. Has Council's management ensured that the Traffic Committee and/or the Roads and Traffic Authority inspected the site and reviewed the safety issues involved and if so, when will the results of that review be reported to Council?
