**FREQUENT FLYER POINTS GAINED ON PERSONAL CREDIT CARDS VIA COUNCIL EXPENDITURE**

**QUESTION**

When a staff member uses their personal credit card and then seeks reimbursement from Council, are Frequent Flyer points gained from the use of the credit card transferred to Council?

**RESPONSE**

No. It is inevitable that on occasion staff will need to use a personal credit card for a business purchase and in doing so they incur personal risk and potential interest charges. It would be neither practicable nor worthwhile from a financial point of view to attempt to recover any bonus points earned by the staff member for what is a rare occurrence.
