Council Resolution adopting the Coastal Lands Plan of Management in 2002

Submitted by: Councillor Vincent De Luca OAM

QUESTION

When did Councillors vote and resolve to remove use by Dee Why Surf Life Saving Club of the rubber ducky/boat storage shed at Dee Why Beach?

RESPONSE

This building is owned and maintained by Warringah Council on Council land and has no lease in place. As such there is no requirement for Councillors to resolve the removal of use for this building.

There is an active Council Resolution adopting the Coastal Lands Plan of Management in 2002 which foreshadows use of the Dee Why Boat Shed as a café.
