Dear Mr Northey

Belrose Waste Management Centre (WMC) Future Use

Thank you for your letter dated 2 July 2014 regarding the future of the Belrose Waste Management Centre (WMC).

Warringah Council provides in principle support for your proposal to develop a passive recreation area at Belrose. Council supports expenditure of up to \$1.5 million from the Belrose Enhancement Fund and believes that a \$2 million dollar investment would be required to generate revenue for the ongoing management of this site by Council.

Please do not hesitate to contact me if any additional information is required.

Yours faithfully

Rik Hart
General Manager
